&
PROTECTIVE BAG**

iPhone

CLEANING POUCH

Microfilament

Multi-triangle filaments remove grease & dust easily

The textured face easily whisks away dust and fine particles.

The smooth face cleans away fingerprints, grease, and smudges.

Anti-static electricity property.

iPad

PROTECTIVE BAG

Microfilament

Multi-triangle filaments remove grease & dust easily

Prevent scratching

The inner lining is made from Microfilament screen cleaning polishing cloth, which protects the surface from scratches.

Shockproof

The intermediate layer is made of Memory Foam Technology, which protects the content from impact.

Hidden Zipper

Hidden zipper design shows the elegant and unification appearance of your sleeve.

Pouch outside

The textured face easily whisks away dust and fine particles.

Anti-static electricity property.
